## Unistage Staging Brochure

This adjustable height platform can be used in five varying heights ranging from 200mm to 1000mm.

The Aluminium legs adjust by using a simple foot release mechanism which locks into place at your required height.

They are constructed from an Aluminium frame which weighs 53kg, and is strength tested to 750kg/m<sup>2</sup>. They feature adjustable feet for use on uneven floors.

The Unistage system is also compatible with the Praktikus system.

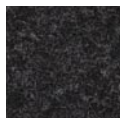

## Platform Decks

The platform decks are 1000mm x 2000mm rectangles which weigh 53kg, and feature a heavy duty inset 21mm Beech blockboard in a mid brown stain. They can be supplied with an optional 4mm thick industrial quality carpet in a choice of 4 colours.

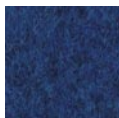

Beech Blockboard

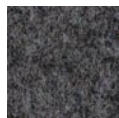

Anthracite Carpet

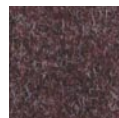

Dark Blue Carpet

Dark Grey Carpet

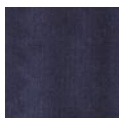

Dark Red Carpet

## Stage Valance

The flame retardant, pleated velour valance has a Velcro® fastening for attaching to the edge of the deck platforms. Velcro® for the stage edge to be purchased separately. The valance is available in 5 popular colours. Conforms to BS5867 Part 2, Type B.

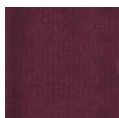

Navy Blue Valance

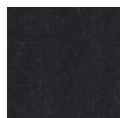

Royal Blue Valance

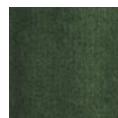

Wine Valance

Black Valance

Greenwood Valance

## Step Units and Guard Rails

Steps and guard rails simply bolt to the side of the stage using the fittings provided.

## Rail Connectors

Connectors link the individual rails together on corners, in straight lines and when tiering the decks.

To order please select the deck colour, length and colour of valance if required, plus any essentials.
